REPORT ON EXTENSION / SPECIAL LECTURE **“NEP-2020”**

RESEARCH AND DEVELOPMENT COMMITTEE

Date: 12th February 2023

NATIONAL EDUCATION POLICY 2020: HIGHER EDUCATION

**INSTITUTIONAL
RESTRUCTURING &
CONSOLIDATION**

Guest Lecture was conducted by Research & Development Committee of BTTC, Silout, Muzaffarpur on 12.02.2023 at 01.00 PM. Guest Dr. Manoj Chaudhary, Professor, Anand College of Education, Amritsar (Punjab) has taken a lecture on topic “NEP-2020” for students in multipurpose hall. He has delivered lectures in various organizations and Universities. Total of around 95 students participated in this programme.

Principal sir giving a brief introduction of guest lecturer to students. 12.02.2023

Before start of this special / extension lecture Principal Dr. S.P. Dwivedi gave brief introduction of him.

The speaker discussed about NEP-2020 and its opportunities and challenges in education. It looks like "NEP 2020" refers to the New Education Policy (NEP) introduced by the Government of India in 2020. This policy aims to overhaul India's education system and bring significant changes across all levels of education, from school to higher education. Key highlights include changes in curriculum structure, emphasis on foundational literacy and numeracy, promoting multidisciplinary education, integrating vocational education, and introducing reforms in assessment and governance. The NEP 2020 also emphasizes flexibility and choice in education, aiming to make India a knowledge superpower.

Dr. Manoj Chaudhary explaining the topic with students. 12.02.2023

The National Education Policy (NEP) 2020 is a comprehensive framework introduced by the Government of India to transform the education system in the country. Here are some key aspects of NEP 2020:

1. **School Education:** The policy emphasizes foundational literacy and numeracy in primary education. It introduces a 5+3+3+4 curricular structure, replacing the old 10+2 structure, with early childhood care and education (ECCE) as an integral part.
2. **Multilingualism:** NEP 2020 promotes multilingualism and aims for proficiency in regional languages alongside Hindi and English.
3. **Higher Education:** The policy aims to increase the Gross Enrollment Ratio (GER) in higher education and focuses on multidisciplinary education, flexibility in curriculum, and credit transfer.
4. **Teacher Training:** There is a focus on continuous professional development of teachers and the establishment of a National Mission for Mentoring to provide support to teachers.
5. **Assessment Reforms:** The policy advocates for a shift from rote learning to competency-based learning and assessment.
6. **Technology in Education:** NEP 2020 emphasizes the use of technology in education, including online education and digital repositories.
7. **Equity and Inclusion:** There is an emphasis on ensuring equity and inclusion in education, with specific provisions for disadvantaged groups.

Overall, NEP 2020 aims to restructure the education system to make it more inclusive, holistic, and geared towards preparing students for the challenges of the 21st century.

GUEST LECTURE REPORT ON **NEP-2020**

RESEARCH AND DEVELOPMENT COMMITTEE

Date: 09th May 2022

Guest Lecture was conducted by Research & Development Committee of BTTC Silout, Muzaffarpur on 09.05.2022 at 11.00 Am. Guest Dr. Saurabh Kumar, Asst. Professor, Bharti Shikshak Prashikshak Mahavidyalay, Muzaffarpur has taken a lecture on topic “ECCE in Vision of NEP-2020 ” for second year students in classroom. He has delivered lectures in various organizations and Universities. Total of around 60 students participated in this programme.

Principal sir giving a brief introduction of guest lecturer to students.
09.05.2022

Before start of this special / extension lecture Principal Dr. S.P. Dwivedi gave brief introduction of him.

The speaker explains about Early Childhood Care & Education (ECCE) in NEP- 2020 in India. He explain that over 85% of child's cumulative brain development occurs prior to the age of 6, indicating the critical importance of appropriate care and stimulation of the brain in the early years in order to ensure healthy brain development and growth. Presently, quality ECCE is not available to corers of young children, particularly children from socio-economically disadvantaged backgrounds. Universal provisioning of quality early childhood development, care, and education must be achieved as soon as possible.

Dr. Saurabh Kumar explaining the topic with students. 09.05.2022

After this lecture the students were given time to interact with him. Students felt that the session was more informative and interactive. At the end

of the guest lecture, students gave their feedback, and explained how they were benefited.

Mr. Pankaj Kumar addressing to students on value of ECCE in vision of NEP-2020

At the end of this special / extension lecture Mr. Pankaj Kumar gave vote of thanks to guest lecturer and students.
